

(1-WS) Across The Universe

Verse

E Em7 Abm7 A B B7  
 E Em7 Abm7 A Am (Adim-WS)

Words are flowing out like endless rain into a paper cup,  
 They slither wildly as they slip away across the universe  
 Pools of sorrow, waves of joy are drifting through my open mind,  
 Possessing and caressing me.

Images of broken light which dance before me like a million eyes,  
 That call me on and on across the universe,  
 Thoughts meander like a restless wind inside a letter box  
 They tumble blindly as they make their way Across the universe

Sounds of laughter shades of life are ringing  
 Through my open ears inviting and inciting me  
 Limitless undying love which shines around me  
 Like a million suns, it calls me on and on Across the universe

(16-WS) We Are Sailing

We are sailing, We are sailing Home again, across the sea  
 We are sailing stormy waters to be with you to be free  
 We are flying, We are flying like a bird across the sky  
 We are flying passing high clouds to become you by and by  
 Can you hear me, Can you hear me through the dark night far away  
 I am dying, forever trying Will I see you? Who can say.

D                    Bm                    G                    Em  
 I just can't seem to find no peace of mind  
 Like a river in the night  
 I know it's there, but I feel so blind  
 I hop that one day I will see the light

 from within me like the morning sun.

 For the chance to be with you.

D            Bm                            G            Em

 Or even which way you should go  
 I look at you and I do believe  
 That I will one day feel the flow

 If I don't change it, then nothing will  
 I hope that I can one day loose the fear

 from within me like a summer breeze

 from within me like the setting sun
